Poona, 12th May 1933.

Subject.—Administration Report.

Sir,

I have the honour to submit my report on the working of the Registration Department under Act XVI of 1908 for the year ending 31st December 1932 together with the prescribed statistical statements.

2. During the year, the following Officers were in charge of the office of the Inspector-General of Registration :—

(1) Mr. C. H. Bristow (1st January 1932 to 29th March 1932).

(2) Mr. J. P. Brander (30th March 1932 to 23rd April 1932).

(3) Mr. A. M. Macmillan, C.I.E. (24th April 1932 to 3rd November 1932).

I held charge during the remaining period of the year.

3. The total number of registrations during the year under Report was 278,392 against 265,045 of the preceding year. There is thus an increase of 13,347 deeds, i.e., by 5 per cent. The increase is attributed to various reasons. The District Registrar, Ahmednagar, ascribes it to a slight improvement in trade, and an appreciable rise in the prices of agricultural produce. The District Registrar, Broach, attributes it to the tightness of the money market which compelled people to borrow money on the security of their properties. It is curious that the tightness of the money market which was once assigned as a reason for keeping the number of registrations low, is now considered to have the opposite effect. The District Registrar, Kaira, states that the rise is due to partial collapse of the Civil Disobedience Movement, and the weak financial state of the public, which led them to enter into monetary transactions; while the District Registrar, Sholapur, says

that the increase is due to gradual revival of normal conditions, and the disappearance of depression. This view appears correct. The Civil Disobedience Movement which once paralysed commerce has now practically disappeared, and this appears one of the various causes which have contributed to the increase. This is particularly noticeable in Bulsar regarding which the District Registrar, Surat says that the increase is due to the fact that people are now relieved of the harassment of non-co-operation, and Bardoli, once a hotbed of that movement, is now free from the agitation.

The number of compulsory registrations affecting immoveable property, which constitute 95·5 per cent. of the total number of registrations, rose from 252,632 in 1931 to 265,876, i.e., by 5 per cent., and there was a corresponding increase in the aggregate value of these documents from Rs. 25,21,82,674 to 25,99,43,133.

The total registrations affecting moveable property show an increase of 352 over that of the previous year.

Wills have risen from 1,924 to 2,004, i.e., by 4 per cent., while written authorities to adopt fell from 7 to 1.

4. Turning to important classes of documents gifts show a rise from 4,159 to 4,344, i.e., by 4·4 per cent; sales have increased from 122,878 to 138,252, i.e., by 12·5 per cent., while mortgages have declined from 88,628 to 83,351, i.e., by 5·9 per cent. Compulsory leases show a rise of 783, and this must be the inevitable result of the corresponding increase in sales.

The variations in other classes are not worth remark.

5. The number of refusals to register rose from 382 of the previous year to 417 showing an increase of 9 per cent., and continued to be high at the places reported last year. The number of appeals preferred against these refusals also increased from 157 to 166.

6. The Sub-Registrars working in the four Deccan Districts of Poona, Satara, Sholapur and Ahmednagar prepared 44,075 documents under the Deccan Agriculturists' Relief Act against 42,668 of the preceding year. There is an increase of about 3·3 per cent.

7. During the year under report 10,283 documents relating to Co-operative Credit Societies were registered and Rs. 32,210 would have been realised therefrom but for the exemption. Compared with the year 1931 this number exhibits a fall of 3,430 deeds. The question of levying fees from the Societies has engaged the attention of Government.

8. Applications for copies dealt with by V. P. P. fell from 10,369 to 9,154 and this is largely due to the increase in postal rates. Applications for copies, searches and inspections, have declined from 20,616 to 19,934 showing a decrease of 3·3 per cent.

9. The number of documents returned by post was 202,553 against 194,048 of the previous year. This shows an increase of about 4·4 per cent. which is due to the corresponding increase in the number of documents.

10. Registrations under sections 25 and 34 show a trifling decrease. In 1931 the number of cases was 475. In 1932 it was 455.

11. The number of cases of visits paid by Sub-Registrars at private residences, declined from 1,418 to 1,178, i.e., by 16·9 per cent. The decrease is remarkable and is accounted for by the raising of fees for private attendance from Rs. 10 to Rs. 20. The region most affected is the mofussil and that is the area which yields the major portion of this revenue. The following table gives figures for the last 3 years for Bombay and the mofussil :—

Area.	Number of cases.		
	1930.	1931.	1932.
Bombay	128	115	111
Mofussil	1,996	1,303	1,067

12. For insufficiency of stamp duty, 535 deeds were impounded. In 308 cases, deficit stamp duty was recovered, 118 were adjudged as duly stamped, and 109 awaited disposal at the close of the year. In 1931 the number of cases impounded was 486.

13. During the year under report 1,228 Tagavi Bonds were received, while in 1931 the number was 4,190.

14. The number of Sale Certificates rose from 5,029 to 6,325, i.e., by about 25·8 per cent. The increase, as was observed last year, may be due to the fact that many cases had to go to the Courts for the recovery of money advanced.

15. The number of Parsi Marriages registered was 539. Of these, the Registrar of Marriages, High Court, Bombay, alone registered 397.

The number of marriages registered under the Special Marriage Act III of 1872 was 67, the majority being in the Bombay Office. In 1931 the number was 50.

16. No declaration was recorded under the Cutchi Memons' Act. In 1931 one was recorded.

17. The piece work system is working satisfactorily. But some Sub-Registrars prefer temporary karkuns to piece-workers owing to the neatness and accuracy of the work of the former.

18. The results achieved by entrusting the C. T. S. work to the Registering Officers are not wholly satisfactory. This has been a subject of re-examination.

19. The introduction of the Gogho system cannot be said to be a success. The ex-officio Sub-Registrar generally the Revenue Head Karkun does not put his heart into the work being subjected to frequent transfers. He is also not under the direct control of

the Inspector General of Registration. These are the main reasons for the failure. Its elimination, at this stage, would involve additional expenditure by making appointments of Sub-Registrars necessary, there being no other agency to do the work of registration, so the arrangement has to continue where it is in force, but it is decided not to extend the system further. The difficulty is to supply a means of registration to the registering public, at a time when every effort is being made to curtail the expenditure; otherwise, there is little justification for allowing the system to continue.

20. The postal journal system continued to be satisfactory wherever introduced.

21. As resolved by Government in 1931 the following offices were abolished during the year :—

Serial No.	Name of office.	G. R. sanctioning abolition.
1	Tando-Bago	G. R., R. D., No. 5329/28-X of 24th November 1931.
2	Yellapur	Do.
3	Murgod	Do.
4	Shahapur	Do.
5	Sangmeshwar	Do.
6	Dindori	Do.
7	Haveli No. II	G. R., R. D., No. 5329/28-X of 8th February 1932.

The following offices were also abolished to effect economy :—

(1) Sanand ... G. R., R. D., No. 8730/28 of 30th May 1932.

(2) Surat No. II ... G. R., R. D., No. 5329/28 of 28th June 1932.

22. During the year two offices were brought under photography. They were Barsi in the Sholapur district and Gadag in the Dharwar district. Now there are in all 45 offices to which the photo system is extended and they annually register about 108,000 documents. Excluding documents relating to Co-operative Credit Societies, printed leases, and the like which are not sent for being photographed, the number of documents received for photography in the year was 89,724, of which 225, i.e., ·25 per cent. were rejected as unfit. There is now sufficient work for the two units. The number of copies supplied was 1,488 and the total number of sides printed was 457,089. The Photo Registry does also some extra work during spare time and the income derived from that work was Rs. 87-8-0. It is working under a Supervisor whose establishment consists of 43 men.

23. The total gross income of the Department increased from Rs. 11,06,474 in 1931 to Rs. 12,06,155 in 1932, i.e., by 9 per cent. The increase is due partly to enhanced fees and partly to increase in the number of documents.

24. The total expenditure decreased from Rs. 6,03,886 in 1931 to Rs. 5,78,105 in 1932 The decrease is due to the emergency cut in pay and abolition of Sub-Registry offices as a measure of economy. Besides this, there was expenditure on the following items which is to be taken into account :—

	Rs.
Cost of printing books and forms binding work and rubber stamps	20,968
Cost of stationery articles supplied	1,480
Rough rental value of Registration offices ...	36,000
Rough proportion of pay of District Registrars and Inspector-General of Registration	58,180
Total ...	1,16,628
Less—Credited by Land Records Department to the Registration Department, for C. T. S. work done by Sub-Registrars ...	1,542
	1,15,086

Including these items. the total pro-forma expenditure comes to Rs. 6,93,191 against Rs. 7,10,823 of the preceding year.

Deducting the above expenditure and refunds amounting to Rs. 5,468 from the total gross income, the net income of the Department amounted to Rs. 5,07,496 against Rs. 3,92,875 of the previous year.

25. There were prosecutions under the Registration Act at the following places :—

Kaira.—An offence was committed under section 82 of the Indian Registration Act in the Nadiad Sub-Registry office. The executant and the identifying witness were convicted and sentenced to 6 months' imprisonment. The claimant was acquitted.

Sholapur.—There was no fresh prosecution under section 82 of the Registration Act, but the one which began in 1931 ended in 1932 at Barsi. One accused was convicted, and got 3 years' hard labour, and the other was discharged. The complaint was lodged by the Police.

Nasik.—There were two prosecutions. In the first the accused was fined Rs. 50. The second was pending.

26. The Inspectors of Registration inspected almost all Sub-Registry offices in their Divisions. The entries inspected by them were 170,089. The District Registrars visited 130 offices and inspected 89,512 entries of which the District Registrar, Satara, inspected 12,195. The Prant Officers visited 118 offices. My predecessor Mr. Bristow visited 11 offices.

The Department has been put in charge of the Commissioner of Excise who when not on tour has his office in Bombay, and whose main attention has to be given to excise and to the new sphere of mofussil tobacco taxation. The Registration Head-quarter office is at Poona. In spite of these drawbacks as much attention as possible has been given to Registration, and various proposals for the increased efficiency of the Department have been made to Government.

27. *Establishment.*—In the above duties of routine administration and special proposals, the Head Assistant, Mr. V. M. Thatte, has given me very valuable assistance. The office staff under him, and also the Inspectors have worked satisfactorily.

As for the Government Photo Registry, Poona, the Supervisor, Mr. M. C. Trivedi, has kept it going efficiently.

Your most obedient servant,

J. P. BRANDER,

Inspector-General of Registration,

Bombay Presidency, Poona.
